

Representative for Victoria Report

LOA AGM 2011

Apart from answering a few enquiries I have not had the opportunity to make a significant contribution as a representative for Victoria this year but:

In November 2010 I attended the meeting aboard the Cape Don about upgrading the LOA website.

In October 2011 I attended the visit to Eddystone with the intention of assessing the effect of downgrading the light on the mortality of short tailed shearwaters.

My main contribution to LOA this year has been helping Denise with PRISM, both in editing and writing articles. This is a task which I enjoy and would like to continue to do.
